The level frequency of support is directly related to individual needs and an addition to school fees is made to cover the cost of this extra provision. This service is available to a limited number of children throughout the school. **The parents must submit all professional reports concerning the difficulties of the child with the application form.** ISN is not equipped to handle students with severe academic or physical handicaps. In the case where a special need is not previously identified, the school reserves the right to conduct a review of the student's ability to remain in the school, based on its capacity to address his/her needs.
